Check these Rules as they are reviewed with you:

_____ Report any accidents or spills to me immediately!

_____ Follow all instructions carefully.

_____ If anything is unclear, ask questions before you begin the activity.

_____ Keep backpacks and bags out of the aisle where students might trip on them.

_____ Follow my directions for waste disposal.

Proper disposal of materials is important to our environment.

_____ Never taste any chemicals or drink from Lab containers.

_____ Broken glassware or mirrors should go in the red can for sharps disposal.

Keep this page in your notebook!

SAFETY AND INTEGRITY AGREEMENT

- 1) I have received a copy of the safety rules and I understand the safety procedures for our classroom. I agree to follow these rules at all times.
- 2) I have read the Class expectations and I agree to ask about any activity that I do not understand before I begin the Lab.
- 3) I understand that these rules will prevent accidents that might cause harm to me or someone else. I accept responsibility for following these rules.

Broughton's Academic Integrity and Honesty Code

"As a student of Broughton High School, I understand not only that I am entitled to an honest and exceptional learning environment, but also that I have a personal responsibility to embody and promote honesty, integrity, and excellence. As the undersigned, I promise to uphold the integrity of the Broughton Learning Community and acknowledge that I am aware of the School Honor Code as well as the consequences I invite by violating it."

Examples of cheating are: copying homework or allowing others to copy your work, sharing Conclusions from a Lab or any individual assignment.

Violation of the Honor Code will result in a discipline referral to document the incident, contacting your parents/guardians, and a zero on the assignment.
